GLOBE, 418 E Douglas.

T. J. Williams.

I have had piles for 14 years and several hemorrhages and for weeks at a time was unable to do any manual labor. Last fall I was very bad. I have spent a great deal of money doctoring, but the physicians all told me I could not be cured without a surgical operation. I saw Dr. Terrill's advertisement stating he could cure piles without the use of a knife and no pain. He commenced treating about November 1st and in four weeks I was completely cured and as yet no indication of any return.

Dr. Terrill can cure you of piles in a very short time. His treatment is mild, causing no pain or suffering, yet a sure cure. I can be found at the Barton car works during the day and will be only too glad to give my experience, which has been anything but pleasant during my 14 years of suffering with one of the worst diseases man is heir to.
